PREFACE vii
ACKNOWLEDGMENTS ix
NOTATION xi

1. Algebras, modules, and representations 1
   Problems 11

2. Group representations and characters 13
   Problems 29

3. Characters and integrality 33
   Problems 44

4. Products of characters 47
   Problems 59

5. Induced characters 62
   Problems 73

6. Normal subgroups 78
   Problems 95

7. T.I. sets and exceptional characters 99
   Problems 121
8. **Brauer's theorem**  
   Problems 126
   Problems 141

9. **Changing the field**  
   Problems 144
   Problems 156

10. **The Schur index**  
    Problems 160
    Problems 171

11. **Projective representations**  
    Problems 174
    Problems 194

12. **Character degrees**  
    Problems 198
    Problems 216

13. **Character correspondence**  
    Problems 219
    Problems 237

14. **Linear groups**  
    Problems 240
    Problems 260

15. **Changing the characteristic**  
    Problems 262
    Problems 285

**Appendix**  Some character tables 287

**Bibliographic notes**  292

**References**  295

**INDEX**  297
